

October 2026

Dear Parents and Carers,

We would like to make you aware that the next phase of building works is currently taking place at Little Lever High school adjacent to our school site. As part of this project, large goods vehicles (HGVs) will be arriving and leaving the area on a daily basis.

To help keep all members of our school community safe, we kindly ask that you take extra care when parking near the school at drop-off and collection times. Please ensure that you:

- Park considerately and legally at all times.
- Avoid stopping on corners, pavements or in locations that may obstruct visibility.
- Follow any temporary traffic management measures that may be in place.
- Take extra care when crossing roads and supervise children closely.
- Allow additional time for your journey, as there may be increased traffic in the area.
- Walk to school when possible.

The safety of our pupils, families, staff and local residents is our highest priority. By working together and remaining mindful of the increased number of HGVs and construction vehicles in the vicinity, we can help ensure that everyone arrives at and leaves school safely.

Thank you for your continued support and cooperation.

Head of school: Miss Wright    CEO : Mr M H Tonge BEd MA NPQH NLE
